Head Div 10th St
Dec 6th 1864

My Dear wife

Here we are again
safe and sound at "Parks Station"
about five miles below Petersburg,
and almost on the very same ground
we left last July. Our Corps is going
into camp where the Fifth Corps are
camped and they are going some
where else, do not know yet where.

I expect our Corps Head Div will
get along tomorrow or next day
when I can get a chance at last
to be examined by Dr Hollman
and shall then know my fate, whether
I am to stay or go. My father has
passed Div Head Div all right. I
will let you know every day how I
get along, for we can send a
mail every day from here. I
saw Ed Parker yesterday at City Point
