Fort Schuyler, M^{rs} Douglass
Hospital June 6th 1765

Dear Parents & Brothers; It has been
some time since I wrote to you, but
during this time I have travelled
a long way toward you. Sunday the
28th day of May I arrived in New
York city. I left Hutton Head 3
days before. Monday morning I
was taken to Governor's Island
N. Y. Harbor, where I staid until
this morning when they moved me
to this hospital to await my dis-
charge, which I hope to get this
month. They are discharging men
from here every day just as fast
as they can, my descriptive list has
got to be had from the regiment
showing what is due me, it will
take two weeks to get it, and then
I must take my turn.
