

B^d Div 1st Corps Hospital Mar 9th 1868
My dear wife.

I received your letter
of the 4th this morning - and it was
a welcome visitor. Though I had
received one a day or two ago.

I read it laying upon my back
so sick. I have not been well for
two weeks - hardly able to keep
about. But I have done my duty
every day till to day. I am feeling
better this evening than I have any
time for the last fortnight, and
am in hopes now to get along.

I took a blue pill last night &
that has done me a power of
good.

You need not send me any
money as I have got some and
don't need yours. I am very glad
