

Our Commissioners to treat with Jeff. Davis & Co.

My Dear Sister

I recd your + mother's letter and answered it by a line in a newspaper, but thought I would write again to day. We are having very pleasant days here now tho' some of the nights have been so cold the ground has frozen considerable. We are still at Camp G. and I know no more about moving than I did the day we came here tho' of course we are nearer a move. Since I wrote last I have seen some rather hard marches, tho' I feel none the worse
