My Dear Sister

I want to write
you a long letter but
I have not time to night, so will
write as fast as possible and
use a lead pencil and by this
means I think I can write
at least half I wish to. I need to
write your letters of the 2nd &
the paper, ^{presently} & Album, I was very
much pleased that you sent the
type one for I had wanted one
on a number of occasions.
How every thing you send comes
nearly. I found after printing the
les all over one set stamps to put
on the paper I sent you to day. The
letter is out of stamps 3 quarters of
the time and if a fellow is not lucky
