

Camp Near Williamsport Md

July 15th 1863 -

Dear Sister -

I write you a line again this morning so that you may know that we are still all right, & well. - Here we are (the Potomac Army) encamped & waiting further orders, tho' our Brigade will not take orders from any one but a few days longer. - Lee has crossed the river again into Va. & is probably by this time some distance from here. We ought to have finished him here, but as we have not I suppose they will still follow him, but know nothing about it any way. We all expect to move to day, in what direction I'm sure I can't tell.
