

You may remember me to  
any of these folks with you if I  
know any of them. Why dont  
those young men enlist at  
Camp Leg on Aug. 21, /61

My Angel wife

I just rec'd  
yr splendid letter fr N. C.  
Am very glad you are enjoying  
yrselves so much. I should  
like to be there very much if  
I could be there without leaving  
here - I cant even go to Wash-  
ington to see my sick boys,  
we are so busy. Let I have  
not had such hard work  
for a week or two, as I am  
relieved fr detail service  
now that the Col. is away  
so much, & have to be here  
in command. All the work  
I have to do then is to drill  
the Regt a couple hours each  
day - excepting to look around  
after things a little.
