My Darling Angel

Want you
splendid to send me yr likeness.
If you should send another. I believe
I should have to desert if they would
nt give me a leave of absence.

I thank you my beautiful wife
for this - I think it is elegant.
But is it the fashion to leave
the jacket unbuttoned. I like the
looks, but I'm "kinder fraid"
others do also - Is this yr new
dress? I do want to see you my
own darling angel wife. Got two
letters fr you to night. Aint you
an angel to write every day.
Do be very careful of yr health -
I think my friends like you but
suppose they thought I was foolish
to get married so soon.
They envied my happiness proba-
bly - Dont blame them, I should.
