My own Sweet Wife -

I returned from Washington yesterday. wrote you a short letter for Mr. did you receive it? I countermanded the order for \$300. If you have not countermanded your order for it you may do so by telegraph so Mr. Page wont send the money or draft. I got the money in W. I dont expect you have sent for the money as I recd yr letter yesterday for Reading. saying you would not get home before to day or to-morrow. & that means about next week probably. So all will be right if you will but love yr husband who is so desperately in love with you. Are you sure you love him & are true in word thought
