

Head Quarters 10th U.S. Vol.
Camp at Fairfax Sta. Va
March 22nd 1863

My Darling Wife -

We have had one pleasant day
at last. Tent the mud is bad
I have been riding about
looking up the road & country
about here with Col. Proctor.
Heard his Chaplain Mr
Cummings of St-Johnsbury
preach. & he did finely - think
he is one of the best Chaplains
I have ever seen.

I had a puppy given me yesterday
a little black rebel - named
Jeff. He will make a bid
dog if he lives. I should like
to keep him & take him home
with me. Do you like dogs?
I do. & shall have one if I think.
Are those standing photographs
