

Camp, Griffin Nov. 11<sup>th</sup> 8  
Dear Mother

I got your letter of the thirsd last night and it was recivd with much pleasure it is with much anxiety that I listen every night when the letters are looked over and the names are called to see if there is any thing for me and you now not the joy that it brings to me to hear from home and especia from my Mother and Sister but it is not often that I hear from Sister I do not wish to have you think that I am getting any better in regard to my character but I am a going to try to go home as good as when I left and
