My dear Aunt,

I avail myself of the opportunity to send by Mr Bingham the photographs of Harrison, & also the Dange negatives from which they were taken. Those in uniform being taken on Coathen - in the Dangenegative - do not copy so well as the others.

The operator told me they were the best he could take under the circumstances, then I am sorry they are not better. There is no expense attending them, I send you one of myself, With love to dearer
& kind regards to Mr Hayward
I remain
Truly, B. Murray Jr.
