Vermont ETV Says "Maybe" to In the Life

Cleland E. Selby

When contacted at his office on August 25th, Vermont ETV Program Director Ken Schwab was only able to say that "maybe" In the Life will be scheduled this fall for airing on Vermont's Public television channel. Mr. Schwab had been provided by PBS with information about the pilot for this variety hour program focused on the gay and lesbian community but had not received any additional information since then.

The pilot, hosted by lesbian comedian Kate Clinton, was offered to PBS affiliates during June and July. The pilot was not aired by Vermont-ETV. Produced in New York by gay film maker John Scagliotti, In the Life is funded by individuals, not PBS or it's usual stable of corporations.
