

# "Don't Cry For Me Vermont!"

• Constance Craving Morns the Loss of Local Lucky LaBouche

Well, Constance can only wonder if it is something she said, it seems yet another drag queen is leaving the Vermont scene. Lucky LaBouche, has already taken leave of us, going to Columbia to teach English. Columbia, where a person is kidnapped every eight minutes. Lucky, who tells us she is due to be kidnapped sometime in March, will at least be able to earn some money on the side translating ransom notes into English.

So Constance has been material about various compa- sons. First of course she is very gels *In America*. Don't miss that, Stella Chiweshe will be a part of show is a must see, if even just for Zimbabwe's queen of the M'Biza.

On the other hand, Constance Patankin is near selling out at the already. Is it possible that Constance 1400 Mandy Patankin fans? Are there country?

Constance smells a conspiracy. band, Phowl, is that what they are their fans around the country so they sell out shows in various areas where the people have never heard of them. Meanwhile, as they convince 20,000 people to travel around the country guzzling fossil fuels, they like to talk about what they do for the environment.

Well Constance is still a little bitter, since having to deal with the band's fans at Bread and Puppet. But it was worth it, if even just to see her old dear friend, reknowned Philadelphia Pup- peteer, Radical Faerie and Bread and Puppetress, Matty Boy dressed as Venus the planet in the Circus. The first, as far as anyone knows, real drag done in Glover. And he looked stunning.

So, those of you up on celebrity sighting must know by now that it was not, Andrew Cunanan who was seen in Lebanon New Hampshire. I mean if I was a serial Killer, lord knows I would go to Lebanon, NH.

However, Constance has learned something very interesting from a very good friend of hers on the inside of the "The Fashion industry." No not Georgio, nor Donna, and I'm not telling. Anyway, according to Constance's friend, Versace was not killed by Andrew Cunanan, but instead by the mafia, for whom he had been laundering money.

Apparently Versace never went anywhere without his lover, doted on him day and night, but all of a sudden Versace spends three days in a row in public without his lover.

Apparently sister Donatella was seen in public those three days accompanied by four body guards. Versace was killed by two marksman shots to the back of the skull - very gangland. Andrew Cunanan is arguably the sloppiest serial killer in history.

Now imagine this, Andrew Cunanan is on the run, trying to stay alive, desperate to escape, so he drives to a crowded wealthy gay area to kill a famous designer? Either Cunanan was really bad at getaway plans, or something is rotten in the state of Florida?

OK, OK, maybe I'm just trying to turn this whole thing into something more interesting than it is, it doesn't match up to more recent quasi-gay scandals of past August's like Michael Jackson or Jeffrey Dahmer, basically its a real snoozer, unless you honestly believe by putting on a pair of glasses really qualifies as becoming "A master of disguise."

The Gay Man's Guide to ALL YOUR RELATIONSHIPS (Part 1)

**SISTERS** are your dearest friends. The ones with whom you share history, humiliations and hotel rooms. Sisters are who you couldn't live without. Sisters are who you imagine bawling at your funeral.

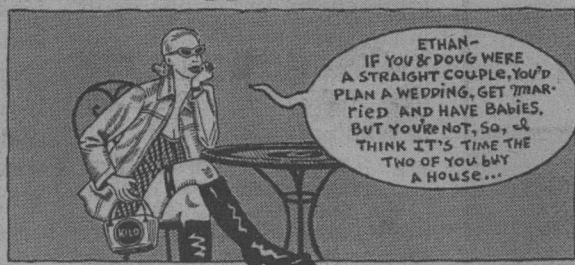

**OLD TRICKS** are the guys you said you'd hook up with again, but didn't. Old Tricks can be gracious, "It was fun." or pissy.

**CURRENT TRICKS** are who you rush home to check for messages from. Current Tricks are the subject of Sisterly indulgence and Old Trick Fury.

**GIRLFRIENDS** are straight women that you met in college and never stopped adoring.

**SOULMATES** are the people who your body talks your mind into believing share all sorts of cosmic connections with you, when in fact they're just people your body wants to sleep with.
