Don't forget your rubbers.

You don't get it from toilet seats. You don't get it from coffee cups. You don't get it from desk tops in a school room. It doesn't fly through the air or swim around in hot tubs. You don't catch it from shaking hands, kissing, sneezing, wrestling or dancing.

According to the Surgeon General, your best protection against AIDS, barring abstinence, is use of a condom. For the facts about AIDS, call the Vermont AIDS Hotline.
