.. We haven't resolved the whole moving-in-together issue.. Anyway, I met up with Jason, and we had a little...um.. encounter..(click on Send)

Does Doug Know? (Send)

Yeah, I told him later. He says as long as I'm Sure about Who I love..(click on Send)

Are You? (Send)

Yes..(click on Send)

So what about Jason's thing with Tim & Carlos?

Well, just between you and I, Jason's totally fed up. Tim makes him check in to a hotel whenever Carlos's family comes to visit. And Jason and Carlos argue a lot because Carlos gets crazy-jealous whenever another guy so much as smiles at Jason. y'know, like a waiter, or a neighbor passing on the street..

..and I doubt the three of them are even sleeping together at the moment, what with that rectile dysfunction trouble brought on by Tim's substance abuse...And Jason's unhappiness is clearly causing him to put on weight.
